3 Read the following text and answer the questions below.

Erosion is a natural process. It happens when rock and soil are moved from one place to another by water, wind, or flows. The waves and currents in the sea can erode beaches, and rivers can erode riverbanks. Heavy rains or winds can also cause the land to erode. Different types of flows – floods, landslides, tsunamis, or glaciers – also erode the land. Humans can cause erosion. Heavy agriculture is one way that people do this. Burning fossil fuels is another way because it results in climate change. Climate change causes sea levels to rise and results in more erosion.

3 Read the following text and answer the questions below.

In some places, the sea goes up and down throughout the day. This is called a tide. In places where the tides are very big and strong, we can use tidal energy from the moving water to make electricity. Wind and wave turbines work by movement. The wind or water make turbines move, and this moving energy generates electrical energy. You can store this energy, so if the sun isn't shining or the wind isn't blowing, we will still have electricity! In other places, it is very hot under the ground. These are good places for geothermal energy, as the ground can heat water.

3 Read the following text and answer the questions below.

My name's Malti and I'm from Bangladesh. In Bangladesh, children use different kinds of transportation to get to school, like buses. But a lot of people also use boats. This may surprise you, but my school is on a boat. In the morning, the children wait for the boat to arrive. We all get on and then pick up more children. Finally, we stop the boat on the side of the river and have our classes.

Boats are good here because there is a lot of water. When there are the heavy rains, called monsoons, the roads are even underwater and you have to use a boat. One advantage of my school boats is that every child can go to it – even if their parents don't have a boat. One disadvantage is that we don't have a playground, so we play on the boat.

General Exams

Exam 1

Ali is sitting at the kitchen table, eating his lunch. He has a sandwich with peanut butter and jelly, and a small bowl of fruit. He takes a bite of his sandwich and then picks up a piece of apple. Ali enjoys his lunch and feels happy because it tastes so good.

Exam 2

Mona loves to draw pictures with her colored pencils. Today, she is drawing a picture of a house with a big tree in front of it. She uses many colors: red for the house, green for the tree, and blue for the sky. Mona is proud of her picture and shows it to her family.

Exam 3

A bird is sitting on the fence in the garden. It looks around and then starts flapping its wings. The bird takes off into the air, flying high and fast. I watch it disappear into the blue sky and feel amazed by how it can fly so easily.

Exam 4

The tree in my backyard has many green leaves. Some of the leaves are starting to turn yellow, which means it is autumn. The wind blows gently, and some of the leaves fall to the ground. I love the colors of autumn and the way the leaves crunch under my feet when I walk.

Exam 5

Ben is playing at the park with his friends. He runs over to the swings and jumps onto one. Ben starts swinging back and forth, going higher and higher into the air. His friends cheer for him, and Ben laughs, feeling happy as the wind blows in his face.

Exam 6

Anna loves to spend time in her garden, where she grows many different flowers. Today, she picks a beautiful red flower. She smells the flower, and it smells sweet and fresh. Anna carefully places the flower in a vase and puts it on the table to enjoy it inside her home.

Exam 7

The puppy is small. It has soft brown fur, and its tail wags all the time. The puppy loves to run around the yard, chasing a bright red ball. It is so happy and full of energy, jumping up and down every time it catches the ball.

Exam 8

The moon is shining brightly in the night sky. It is a full moon tonight, and it looks big and round. I can see it through the window, and it makes the dark night feel a little less scary. The stars around the moon twinkle like tiny lights, adding to the beauty of the night.

Exam 9

Max is at the beach, building a sandcastle. He uses his small blue shovel to dig and gather sand. Slowly, his sandcastle grows taller, and he adds a little flag on top. Max is very proud of his castle and shows it to his friends, who think it looks amazing.

Exam 10

There is a fish swimming in the pond. The fish is small and has shiny scales. It moves slowly through the clear blue water, looking for food. I watch the fish for a long time, wondering what it is thinking as it swims around the pond.

3 Read the following text and answer the questions.

In ancient Egypt, the most important highway was the River Nile. The Egyptians traveled mostly along the river because all the major cities were along the River Nile, so boats and ships were the most important form of transportation. Most Egyptians used a small boat called a skiff. They made this simple boat from papyrus and rope. People could travel short distances in these boats, or they could use it for fishing. They used oars to make the boats move. They made larger boats and ships from wood. These ships had a large sail to catch the wind and they used oars to move and control the direction.
